Prepare your computer for digital exam in WISEflow

Note that you should use Eduroam as wifi and not HB-Guest! You have to create a special password for Eduroam at selfservice.hb.se. Do this before the exam day!

Also note that you cannot use Mac with an earlier version than 10.15.1 or Chromebook!

Innehåll

1. Log in	1
2. Download and install FlowLock	3
3. Test your browser	4

1. Log in

If you see a pop-up window, click on "LockDown Browser OEM" and then on Open link.

This is an example on how the pop-up window might look. Note that the pop-up window might look a bit different due to what kind of computer or browser you use.

Open LockDown Brov	vser OEM?	
Always open these ty	pes of links in the associated app	
	Open LockDown Browser OEM	Cancel

If you get all the green checks (could be 2 or 3) then your computer is all set to go. Press "Finish"

[®] Browser verification
