## 2.2 Read the Advertisement

1. Go to the relevant project, [see 2.1.](#)
2. Click on **Advertisement** in the left menu. The number indicates if there are multiple versions of the advertisement. The primary advertisement is always the Swedish version and the English translation (EN), which you should refer to. In the advertisement, you will find the current job profile requirements.
3. **Note:** The advertisement is not available and/or relevant for assessments related to decent qualifications or promotions.

The screenshot shows the ReachMee recruitment system interface. At the top, there is a navigation bar with the ReachMee logo (Recruitment by Talentech) and buttons for 'Start' and 'Projects'. Below this is a breadcrumb trail: 'Start / Projects / 1404. Universitetslektor i informatik ... / Advertisement'. A left sidebar contains three menu items: 'Description', 'Advertisement' (highlighted with a blue bar and a '2' next to it), and 'Candidates'. The main content area is titled 'Advertisement' and features a dropdown menu for 'Alternative job ad:' with options 'EN', 'EN', and 'Grundannons'. Below the dropdown, the job title 'Senior Lecturer in Informatics - Software Development' is displayed. The text describes the Faculty of Librarianship, Information, Education and IT, and mentions various education programmes. A section titled 'Job description' follows, detailing the duties of a Senior Lecturer, including teaching and research in informatics educational programmes with a focus on software development.
